**BOAT DEALERS PLEASE BE READY FOR YOUR SCHEDULED MOVE IN TIME**

If bringing boats down Thursday, please form a line on left side of NH SPORTSPLEX - (SEE MAP).  
We cannot predict exactly when your time will come, so please be patient and help others if at all possible to make this move in as smooth as possible for all of us. You can drive into the venue with your trucks and **we have 2 tractors for your personnel to move your boats into the NH Sportsplex and place them in your booth space.**

**Boats must have less than 5 gallons of gas and gas tank lids must be taped. Batteries must be disconnected and no keys in ignition at any time. Fire Marshall will check and enforce!**

Pieces of min 3/8" thick plywood approx. 12" x 12" must be under each tongue jack wheel as well as dock footings. Each exhibitor should bring the necessary pieces of plywood for their requirements.

If you ordered an electrical outlet - please note that you will get 500 watts. You Will Need An Extension Cord - Any extension cords must be at least 14 gauge and no cube plugs will be allowed - must use power strip. Electrical inspector will check and this could delay the opening of the show!

**PLEASE - All shrink wrap, wood, cardboard, etc. should be taken back to your facility for recycling. Dumpsters are available on site, but please minimize what you put into them.**

EXHIBITOR PARKING during show is in lot on right side of the rear NH Sportsplex Bldg (SEE MAP). TRAILERS will be parked onsite, inside the building directly behind the Boat Show Building or you may take them back to your business location. (SEE MAP).
